MEMBER

American Staffing Association

OUR VISION

We strive to be widely recognized as a premier healthcare services company, known for its healthcare recruitment, staffing and consulting capabilities, excellent service and uncompromising integrity.

OUR VALUES

We value:

- Employment and educational opportunities which meet the needs of our healthcare professionals and clients.
- People of exceptional skill, expertise, and commitment.
- Innovation, change, organizational flexibility, financial growth and professional development.
- The highest standards of business and personal ethics.
- Our corporate obligation to the social and economic well being of healthcare professionals, our community and its families, and diversity in people, ideas, and culture.

OUR MISSION

We will:

- Achieve and sustain our place as a premier company providing healthcare staffing and consulting resources which meet the needs of the healthcare marketplace.
- Be the preferred partner for numerous recruitment, staffing and consulting products and service innovations throughout the industry.
- Foster continuous growth through careful selection of staff, maintenance of strong client relationships, and the insistence on quality.
- Maintain superior financial strength, offering those products and services that provide attractive rates of return and competitive product value.
- Exemplify the highest standards of business ethics and personal integrity, and support the social and economic well being of our community.
- Continuously evaluate our efficiency, accuracy, and quality of services.
